

Apply for the **Summer 2021 Core Plus Aerospace Virtual Internship**, hosted by **The Boeing Company**

In this paid virtual internship, high school students and recent graduates will learn directly from Boeing trainers and early career professionals, building a foundation for successful entry into manufacturing careers and aligned postsecondary programs in fields like avionics, applied science, engineering, mechatronics, and more.

Take advantage of this internship opportunity to explore an exciting industry, take your manufacturing skills to the next level, and build your resume with real-world experience.

APPLY ONLINE BY FEBRUARY 28, 2021 at <https://boeing.avature.net/CPAInternship>

KEY DETAILS:

- Interns will work virtually, full-time from **July 9** to **August 6** (dates tentative)
- This is a paid internship
- Applications must be submitted on-line by February 28

WHAT TO EXPECT:

- At home, virtual and hands-on manufacturing training and projects
- Employability skills training and career preparation
- Networking and engagement opportunities with Boeing professionals

WHO SHOULD APPLY:

- Students enrolled in manufacturing courses at WA high schools during the 2020-21 academic year.
- Students who will be 16 years old before the start of the internship.
- Students excited to explore manufacturing career pathways
- Students willing to actively participate and collaborate in a virtual setting
