

Apply for the **Summer 2022 Core Plus Aerospace On-Site Internship**, hosted by **The Boeing Company**

In this paid on-site internship, high school students and recent graduates will work full-time at Boeing facilities in Everett, Renton and Auburn - learning directly from Boeing trainers and early career professionals. Interns will build a foundation for successful entry into manufacturing careers and aligned postsecondary programs in fields like aircraft maintenance, mechatronics, applied science, engineering, and more.

Take advantage of this exciting internship opportunity to explore, take your manufacturing skills to the next level, and build your resume with real-world experience.

APPLY ONLINE by March 19th <https://boeing.avature.net/CPAInternship>

KEY DETAILS:

- This is a paid internship
- Interns will work full-time from **June 24 to August 5**.
- Interns will be assigned a primary location of either Everett, Auburn or Renton Boeing sites with some travel between sites expected.
- Applications must be submitted online by March 19

WHAT TO EXPECT:

- Hands on manufacturing training and skills development
- Job shadowing
- Group activities and an innovation challenge
- Employability skills training and career preparation
- Networking and engagement opportunities with Boeing professionals

WHO SHOULD APPLY:

- Students enrolled in Core Plus Aerospace courses at WA high schools during the 2021-22 academic year.
- Students who will be 16 years old prior to the start of the internship.
- Students excited to explore career pathways in aerospace and advanced manufacturing.
